### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Cohn on 7/13/06.

The application has been amended as follows:

In claim 1, line 5, after: "forming", insert: -- multiple --; and lines 6-7, delete: "; and forming multiple gate structures atop the planar platform".

Cancel claims 26, 27 since they are redundant (see claims 2, 3).

The following is an examiner's statement of reasons for allowance:

The 35 U.S.C. 112 rejection has been withdrawn in view of the Applicant's Remarks.

None of the references of record teaches or suggests the claimed method for forming a transistor including the step of forming multiple gate structures both atop and beneath the planar platform.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
